

Invitation

Mini-symposium

Plant - Pollinator Interactions

31st October 2007
on the occasion of the
PhD Promotion of
Martina Stang

Program

11:00 – 11:45 **Prof. Dr. Nickolas M. Waser** (University of California at Riverside, USA):

Pollination biology looks beyond its syndromes

11:45 – 12:00 Coffee break

12:00 – 12:30 **Martina Stang** (Institute of Biology, Leiden University):

How morphology and abundance affect the structure of flower visitation webs

12:30 – 13:00 **Prof. Dr. Mary Price** (University of California at Riverside, USA):

Global climate change and the disruption of pollination interactions

13:00 – 14:00 Lunch and opportunity to talk with the speakers

Institute of Biology, University of Leiden
Van der Klauw Laboratorium
Kleine collegezaal
Sterrenwacht 4
2311 GP Leiden

Please register for the mini symposium and the free lunch before 24th October 2007.

You are welcome to the defence of the PhD thesis at 31st October 2007 at 16:15 in the Lokhorstkerk (Pieterskerkstraat 1, Leiden). After the defence there is a reception. Please register for the defence before 24th October because of the restricted number of places.

Prof. Dr. Eddy van der Meijden
Martina Stang (for the defence)
